Rev. J. H. George Leaves for a Month. The Rev. James H. George, rector of the Calvary Episcopal Church, left Columbia this afternoon for St. Louis, where he will preach at Christ's Cathedral during August. While he is absent there will be no Episcopal Church service in Columbia.

Missouriian want ads only cost you a half a cent a word.

SPORT

Dr. Meanwell Returns From Madison, Wis.

W. E. Meanwell, athletic director, drove through from Madison, Wis., in a car and arrived in Columbia this afternoon.

Doctor Meanwell admitted that he had an offer to return to Wisconsin this fall but said that so far nothing definite had been decided. Doctor Meanwell plans to be here for two or three days.

Coach Johnny Miller arrived in Columbia yesterday. He will be here only a day or two but will return again about the twentieth of the month to begin getting things in shape for the beginning of football practice with the opening of school.

Automobile Facts and Figures

"An idea of the growth and importance of the automobile industry may be gained from 1919 statistics recently made public by the National Automobile Chamber of Commerce," says John N. Taylor, local dealer in Chevrolet passenger and commercial cars.

"The capital invested in 1919, not including parts and accessories, equalled \$1,015,443,338. This exceeds four times the capital of all New York City Banks by \$126,043,338.

"The number of miles travelled per passenger by automobiles last year was 50% greater than by railroad.

"1,974,016 new cars were produced in 1919, and it is interesting to note that this was more than enough to give one to every child born in the same year in this country (1,353,792) and to supply the 1917 baby crop.

"The total number of vehicles in use in the United States on January first, 1920, was 7,558,848. This is one for every fourteen persons in the country. And if these cars were placed in a row only four feet apart, they would completely encircle the earth.

"The introduction to these Facts and Figures is interesting. 'First among finished products' is the position of the motor vehicle industry in the nation's business. At the same time it is one of the basic industries. The motor car is the new transit of the country, to which the time of the individual and the handling of short haul freight has been attuned. From a comparative toy or novelty it has become a necessity.

"Nearly one third of the output is used in agriculture." —Adv.

Students Apply for Work

The secretary of the Y. M. C. A. has about one hundred and fifty applications for work from students who expect to enter school this fall. He says that the applications are largely from students with excellent qualifications.

CANNING NEEDS

Fruit Jars

Fruit Jars and all packages for canning are very scarce this year. Many canning factories will be unable to secure sufficient supplies for their 1920 pack. At present we have a good supply of the following FRUIT JARS—in pint, quart and half-gallon jars—

- E. Z. Seal (Glass top jars)
- IDEAL (Glass top)
- DREY MASON (Zinc top)
- BALL BROS. MASON (Zinc top)
- ECONOMY JARS (Metal tops)

Anticipate your requirements now and secure these at once.

MILK

From Babyhood to Old Age there is no period in life when it is not needed. It differs from other food substances in that it is complete.

BUTTER

For the purpose of stimulating growth and development in children butter has no substitute. There is nothing so good for bread as Butter.

DAIRY PRODUCTS

The wisest woman feeds her family well. She knows that no one thing determines the health and happiness of her children more than the food she gives them.

ICE-CREAM

Is the great American Dessert. It is not a luxury but a food. One quart has the value of 1 1/2 dozen eggs.

CHEESE

Is one of the cheapest sources of energy giving protein. It is the ideal meat substitute.—Gov. Cox.

No Substitute for Dairy Products
